Operational/BEDOX/UPSWING

Receipt of Information from Subject A of BRIN 8752

Reference: EOBA 41241 NR

1. Reference is made to [] visit to POB on 29 April, at which time he provided POB with copies of the Einlieferungscheins to be used as a recognition signal in establishing contact with Subject.

2. This will confirm that we have severed our operational relationship with Subject, and will not meet with her further.

3. Under date of 30 April 1957, Subject wrote the undersigned a letter commenting on the fact that she had not been contacted by UPSWING as of that date. She enclosed a certificate from Dr. med. Walter DURSCH, ULM(Do) Roemerstr 22, dated 20 April 1957, which attested to the fact that she was not pregnant. The original is forwarded to POB only, as a separate cover attachment hereto.

4. This pregnancy information came as a great surprise to us as we think it did to Subject herself. It would be interesting to know just what Richard KRAJENSKI's reaction will be to the news that he isn't going to be a Father.
